Welcome to the RCARC Beacon!!

How hot is it? Let's not talk about that!

But, inspite of the heat, several of us worked as ground crew to help get more antennas up on the RCARC tower. By the time you read this, the 147.015 KE4RX/r should be back on the air. That means 3 active repeaters in the shack.

Roane County VE Team offers Ham Radio Exams

The Roane County VE Team offers ham Radio Exams on every even numbered month at the Trenton Street Baptist Church in Harriman at 9 am. If you are interested in scheduling a HAM radio exam, get in touch with Jim Dalton K4FPG or Keith Dalton WV4G to make arrangements.

Send E-mail to:

Jim Dalton :

jsdaltonk4fpg@att.net

-Or-

Keith Dalton: *wv4g@arrl.net*

*The next exam is on **August 13th** by appointment.*

Good Luck!!.

There was a posting by the ARRL about the ARISSat being deployed by cosmonauts on board the ISS. It has SSTV, a Linear Transponder and CW IDs. I'm not really into the satellite work but did get curious enough to tune my radio to the 145.919 MHz CW Beacon frequency and cranked up the squelch. It was only about 2 minutes later that some code was breaking the squelch level and had that decreasing pitch due to the doppler effect. Maybe I'll try to get some of the SSTV signals.

If you're interested, goto <http://www.arissattlm.org/> and read up about the unit. The PC program for sound card reception of the SSTV is located there. With school starting up, this could be a way to get ham radio presented there.

Cliff KD4GT

RCARC 2011 President

Repeater News!

Antennas have been mounted and just a couple of cables to go. Cliff says KE4RX/r should be back on the air in a day or two.!! RCARC would like to say Thank You to Danny Britton KB4TEP for mounting our antennas on the tower.

RCARC Needs You!!

It takes everyone for RCARC to thrive. Even though we are a small club we still have expenses to cover and our dues are a large part of what pays the bills. Out of our dues we have insurance expenses for our liability at club functions and the repeater equipment. We also pay for the electricity and maintenance on KE4RX/r repeater. Dues are only \$15 / year for licensed amateurs and \$7.50 / year for unlicensed associate members. If your not currently an RCARC member we invite you to join and be part of our organization. Just drop me an e-mail or visit the RCARC Club website at www.ke4rx.org for an application. RCARC is a 501c3 non profit organization.

Jim White

Want to write an article for the Beacon?

We are always looking for material for "The Beacon" so if you have an idea for an article or even better want to write something , I am sure we can get it to fit in. Just keep it of general interest to HAM radio or Emergency Communications / ARES.

If you have a home brew project you would like to share, that would be a great way to begin!! So, sharpen your pencils and brush up on your typing skills and put your expertise to work helping your fellow hams. If you want to share an article from another publication, please get their permission in writing to reprint first. Send your submissions to the editor at :
k4apy@arrl.net
